**Subject:**

**Recent activity of yours, activity disavowed of INTERNAL REVENUE SERVICE, disavowed of DEPARTMENT OF JUSTICE and my three volumes of exculpatory evidence of proven un rebutted conspiracy against me.**

Dear Michelle L. Lavoro d/b/a MICHELLE L. LAVORO, SPECIAL AGENT, IRS, your boss and any other perpetrator:

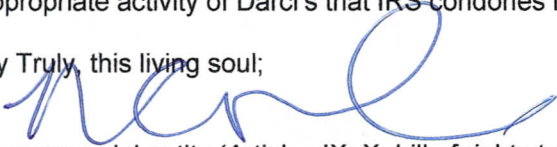

It has come to our attention that either information, data, records, documents, or whatever oral communications arriving from you and/or the recipients listed hereupon for "courtesy copy recipient status" has arrived proximate to a grand jury in precious quorum, while apparently some or all of you have an interest, legally and/or otherwise, in the matters before the grand jury in precious quorum past, present, or future.

In accommodating the fact that you and, then, your organization or office, would have little or no way to know of such without direct notice, it is the express purpose of this writing that you, your organization, and/or your office be notified of: 1) I am Michael David Beiter, Jr., and 2) I am law-abiding and can provide proof of cases numbering more than one hundred and twenty (120 cases) proving private contracts (i) exist, and (ii) are constitutionally protected and otherwise protected, and 3) I am an agent for both private and nonpublic entities and can and will appear face-to-face for confirming (a) the nonpublic entities exist, and (b) the private entities exist, and (c) I exist, and (d) this writing existed, and (e) you each accepted this writing of my authoring, and (f) that I will express not except within the bounds of what it is that I've been authorized for expressing, namely, specifically, the express words hereupon expressed that you've both received and accepted.

If a written request for further information is received, in whatever way involving each or any of you or all of you, further information (**3 volumes of exculpatory evidence of proven conspiracy**) is available but limited to proving each word hereupon expressed and zero further, until such time as one year (365 days) pass since the most recent direct notice that you've received of grand jury quorum activity, to which we will hold each and all of you accountable.

Thank you in advance for your kind co-operation in this respect. All waivers are expressly disavowed perpetually. We have every desire to obey, comply, with every law applicable, however, we are in great fear that any participation, with you or your Service, moots future claim to those rights of compliance, since numerous rogue agent (*ultra vires* activity of rogue agents, **disavowed of both IRS and DOJ**) activities. Quote, "Darci's (Smith) employment should be terminated due to wholly inappropriate activity of Darci's that IRS condones not."

Very Truly, this living soul;

Noncommercial entity (Articles IX, X, bill of rights to the U.S. Constitution; Article I, Section 10, U.S. Constitution)

Postscript: From our information, the same items absent, causing that multiple prior grand juries shut down prior prosecution attempts, continue absent; therefore, with such items such as true names, agent capacities continuing absent, FOIA requests unanswered, mail fraud, witness threatening, stacking the Grand Jury, Privacy Act requests unanswered at right to inspect and correct records (return receipts made known to prior grand juries in precious quorum), simple questions unanswered **such as**, "You can prove it's truly me that you seek by signing the enclosed Public Servant Questionnaire so Congress gets to know if you're within legislative authority before you get to know me," the very notion that another grand jury quorum relating may surface is biased and uninformed, and doubly biased by being uninformed, and if one continues contact, in

contravention against the facts specified for the enclosed notice of introduction, one is unable for pretending that one never received (1) the enclosed notice of introduction, (2) the enclosed Public Servant Questionnaire of twenty-two (22) Congressionally mandated authorities, as all associates receive from time to time.

Postscript script: If you've obtained an attorney privately, it is advisable that said attorney should tell you to turn around and use Public Servant Questionnaires, yourself. A list of courtesy copy recipients, of what you are reading, is herewith included.

**Subject:**

**Recent activity wherein your cohorts are refusing mail from me. Of course I am using all USPS information of proof of such. It is funny however the control some seem to have over the mailing system in place today. Good thing I am diligent and catch all errors, purposed or not.**

Dear Michelle L. Lavoro d/b/a MICHELLE L. LAVORO, SPECIAL AGENT, IRS, your boss and any other perpetrator:

As you know, specific parties serving under the guise of either United States Attorney or Assistant United States Attorney have purposed not to receive mail that you yourself are in possession of (transmitted by certified ("U.S.") mailed article numbered 70042510000540782481). The conspiracy is furthered wherein once again (meaning they have done so several times before) these specific parties are conspiring to keep any supposed Grand Jury uninformed and biased to serve their personal needs. I do expect you to inform the supposed Grand Jury of my three volumes of exculpatory evidence that is being purposely kept from them and I of course, would love to come explain it to them as well. Remember, I am "Michael-David Beiter Jr., living soul", as agreed to by U.S. Department of Justice and William E. Bordley" also as per abatement at United States Supreme Court.

It is in grace to you Michele that I am required to inform you that the flood of dissipation you have been ordered to enter into may be against your best interest. Other than a PSQ (Public Servant Questionnaire) and a Privacy Act /FOIA that has been directed to you, I so no reason to include you in the proven, unrebuted, conspiracy against me. You still have several days to stay in honor and follow the mandates of your policy implemented by Congress. Don't let your desire to please your superiors put you in a position of criminal activity. Perhaps if we met, as stated in my last writing, you can overview three volumes of the tactics your peers and associates have used to serve their personal needs. There is a reason Darci is no longer "on the job".

Grace has been offered to you. If you would like to contact me, simply send a writing to the notary addressed above and I would be more than happy to meet. If everything is above the table on "your side", then why all of the fear in receiving my mail? Perhaps you might ponder that as you rest at night. Be well.

Very Truly, this living soul;

Noncommercial entity (Articles IX, X, bill of rights to the U.S. Constitution; Article I, Section 10, U.S. Constitution)

Postscript: From our information, the same items absent, causing that multiple prior grand juries shut down prior prosecution attempts, continue absent; therefore, with such items such as true names, agent capacities continuing absent, FOIA requests unanswered, mail fraud, witness threatening, stacking the Grand Jury, Privacy Act requests unanswered at right to inspect and correct records (return receipts made known to prior grand juries in precious quorum), simple questions unanswered such as, "You can prove it's truly me that you seek by signing the enclosed Public Servant Questionnaire so Congress gets to know if you're within legislative authority before you get to know me," the very notion that another grand jury quorum relating may surface is biased and uninformed, and doubly biased by being uninformed.

**Subject: Criminal Investigation Confirmation Numbered 0R44160912 as per "Aaron" with Criminal Investigation Service Center**

To all parties noticed above, as well as your superiors:

It is in respect to you that this writing is being offered. It is my intent to document (a record) all events pertaining to the Criminal Investigation at hand. If there is anything you disagree with in this writing please respond immediately as this is part of the ongoing investigation. A non response is affirmation of all stated herein, for the record.

On 6/3/09, at about 11:30 a.m., I entered the Post Office in Pompano Beach, Florida and was referred to Supervisor Joe, hereinafter "Joe". I proceeded to tell Joe that a contract I had with his particular office to deliver certain mail (certified, return receipt) had not been delivered since 5/18/2009, when his office took my mail. I told Joe that the mail was of highly important legal significance and that I believed mail fraud had been perpetrated against me through Joe's agents and the parties intended to receive the mail. Joe then asked me for the mailing numbers in question and I told him of the four mailings in questions, specifically, certified mailing number **70042510000540782443**, **70042510000540782467**, **70060100000459829148** and **70041160000162406125**. After several minutes of research, Joe informed me that the mail had left his post and was sent to a central sorting facility to be delivered to its final destination. Joe then gave me a number to further my investigation. (954) 527-2020 was that number.

On 6/3/09, at about 11:45 a.m., I called the number given by Joe and reached one Mary Anne Giambrone who directed me to one Rosalyn Mosley, hereinafter, Rosalyn. In speaking to Rosalyn she informed me that the mail was "lost". She then told me that it had never been received from Joe's post as well. I proceeded to tell Rosalyn that I believed the mail was not lost but purposely taken, in coercion with the mail deliver to hamper a legal matter of high importance. I told her I wanted to file a criminal complaint immediately and that I wanted a full investigation in the matter immediately. Rosalyn directed me to the Criminal Investigation Service Center and told me she would contact me by 6/6/2009 after further investigation.

At the Criminal Investigation Service Center I dealt with Aaron, I first asked Aaron for his last name and he said he could not give his last name to me as a matter of policy. I then asked to speak to a supervisor who could give me a last name and he said they would not give one as well. I asked Aaron the process for filing a criminal complaint and explained the high priority of the issue at hand. Aaron, after asking for all of the mailing numbers involved, then gave me a confirmation number of 0R44160912. I made it very clear to Aaron that it was my intent to file a criminal complaint and he assured me this was one. I was told by Aaron I would be contacted by day's end of 6/5/2009.

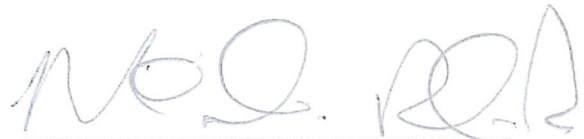

My expectations need to be stated, otherwise how can I know that my expectations are met. According to several parties involved my mailings (Fort Lauderdale deliveries) were to have left Joe's post onto a central post. From the central post the mail was to have then gone to the Oakland Park office and then been delivered to its final destination. Joe informs me that it left his facility so the respectful demand I am making is as follows:

1. Who was the person responsible for taking my mailings from Joe's post to the central post?;
2. Who was the person responsible for taking my mailings from the central post to the Oakland Park post?;
3. Who was the person responsible for taking my mailings directly to the recipients of my mailings?

I want to make it perfectly clear that I believe one of the four recipients of my mailings is working in collusion with one of the deliverers to commit a fraud against me. This information is of the utmost urgency in an ongoing investigation and I expect swift and thorough investigation from your departments.

As of 5:00 p.m. on 6/4/2009, I was NOT contacted by Criminal Investigation Service Center as I was told I would be.

A handwritten signature in blue ink, appearing to read 'MDJ Beiter', written over a horizontal line.

Dear Sharron:

It is in respect to you that this writing is being offered. It is my intent to document (a record) all events pertaining to the Criminal Investigation at hand. If there is anything you disagree with in this writing please respond immediately as this is part of the ongoing investigation. A non response is affirmation of all stated herein, for the record

As per our conversation today, Monday the 8<sup>th</sup> of June, the following new information was revealed to me. At 12:15 p.m. upon receiving your phone call you made me aware of the fact the mail deliverer "Paul" was the deliverer of my contracted terms with the post office. We specifically discussed how Paul had rerouted my mail, specifically, certified mail numbered 70042510000540782443. I made it very clear that I paid the United States Postal Service to deliver it to the address I specified and that I did not give Paul nor anyone permission to alter the mailing to another address. I also stated that I wanted the name of the person who told Paul to reroute my mail as well as the person who took the four stolen mailings in question.

Please forward the information to me immediately and thank you for your professionalism and diligence.

Dear Sharron:

Please see attached writing and notary certificates dated 6/8/9. As stated above, I was given an insufficient address and had to re-mail the writings to you. This process has taken much longer than and is becoming expensive. I respectfully demand the names of the recipients of my mailings referenced. Deliverer Paul is responsible and it should not have taken this long to find out who coerced him into altering the mailing without my consent. I am surprised you have not called me in over two days. It seems a cover up is in place. I only say this as it has happened before and yes, I have proof.

RE: FOIA Case No. 2009-FPRO-00643

Dear Mr. Beiter:

This is in response to your letter dated May 16, titled "Privacy Act Request and Freedom of Information Act Request Where Applicable". Your letter is addressed to the Internal Revenue Service, but was sent to and received by the United States Postal Service on May 20.

The Freedom of Information Act (FOIA), 5 USC §552, is a records and document statute. Identification of the record(s) desired is the responsibility of the requester. The FOIA (5 U.S.C. 552(a)(3)(A)) requires the requester to reasonably describe the records being sought. A description is considered reasonable if it permits an agency employee who is familiar with the subject area to locate the requested records with a "reasonable" amount of effort.

Your request is unclear and does not describe what United States Postal Service records you seek. Please be advised that, while we wish to fully cooperate in processing your request, your letter does not provide sufficient detail to allow for the identification and retrieval of the desired documents.

The records you have requested appear to be related to the Internal Revenue Service. If your request is for United States Postal Service records, please clarify your request by providing a clear explanation of the records you seek and any other information that would help us identify the records you seek.

If you consider my response to be a denial of your request, you may administratively appeal by writing to the Chief Counsel, Customer Protection and Privacy, U.S. Postal Service, 475 L'Enfant Plaza SW, Washington DC 20260, within 30 days of the date of this letter. The letter of appeal should include a statement about the action or failure to act being appealed, the reasons why it is believed to be erroneous, and the relief sought, along with copies of your original request, this letter, and any other related correspondence.

Sincerely,

A handwritten signature in dark ink, appearing to read "M. Skinner", written over the typed name.

**Re: Our Conversation on 6/15/2009 at 4:30 p.m.**

Dear Sharron:

It is in respect to you that this writing is being offered. It is my intent to document (a record) all events pertaining to the Criminal Investigation at hand. If there is anything you disagree with in this writing please respond immediately as this is part of the ongoing investigation. A non response is affirmation of all stated herein, for the record

As per our conversation referenced above it is very important to overview the facts of said conversation in order to facilitate a speedier resolution on the urgent matter at hand. As for deliverer Paul, you expressed that he had violated company policy in rerouting a contracted delivery. You then expressed how Paul's "testimony" was that he had been told to send the mail elsewhere by a "clerk" at the address of 299 East Broward Boulevard First Floor, Fort Lauderdale, Florida [Zoning Improvement Plan Number 33301]. You also stated that Paul's testimony was that this clerk said **ALL** (meaning this has been done often) of the mail that was sent to the address referenced above was rerouted to the United States Attorney's Office. What was the name of this clerk? Who, at the United States Attorney's Office, took the mail from Paul? Who gave this clerk permission to reroute contracted mailings at her/his sole discretion?

Also discussed was how your company failed to perform under the terms of our contract and how Paul was being internally dealt with. You offered me back the Federal Reserve Notes for the mailings and I of course refused. I made it very clear that Paul was not the party I believe committed mail fraud but that he was made part of the fraud and was just going along with the clerks orders. I want a meeting with Paul and his manager this week. It is very suspect that Paul remembers being told to reroute the mail, but no one seems to know who it was delivered to. As a matter of fact as we discussed yesterday, no one knows where the mailings or my PS Form 3811's are at all. All the mailings in question seem to have magically disappeared.

I respectfully demand the criminal file number for this investigation and as stated, I want this dealt with immediately. I was told that the "Criminal Investigation Confirmation Numbered 0R44160912" was the file number. Is there any other file numbers or any case numbers attributed to this issue?

You, Sharron (ID# GN0TK0) have been completely professional, courteous and diligent. I am grateful.

**RE: Your inquiry – Certified mail items mailed on May 18, 2009  
to Federal Government locations:  
Broward Boulevard, Fort Lauderdale**

Dear Mr. Beiter:

This letter is in response to your inquiry concerning Certified Return Receipt letters (7004 2510 0005 4078 2443, 7004 2510 0005 4078 2467, 7006 0100 0004 5982 9148, and 7004 1160 0001 6240 6125) mailed to Federal Government locations in Fort Lauderdale, FL on May 18, 2009. We understand that you did not receive the applicable receipts.

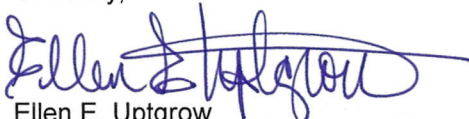

As of today, none of the four items shows delivery in "Track & Confirm". If none of those items were returned to you, we presume they were delivered to the U. S. Justice Department Office at 500 East Broward or the Mail Room at the Federal Court Building. We are disappointed the system does not show any more information on those items.

We contacted the Manager, Customer Services, Alridge Station and delivery personnel regarding your concerns. The Manager, Customer Services has advised that the correct procedures regarding scanning and obtaining signatures on return receipts are being reviewed with the carrier.

The Certified mail receipt provided to you at the time of mailing may be used to verify that the referenced letters were accepted by the U.S. Postal Service on the above mailing date. In addition, you may file at your local post office for a refund of fees paid due to service not rendered. You must present your original mailing receipt when filing for a refund, along with completing PS Form 3533, "Application and Voucher for Refund of Postage, Fees, and Services".

Please accept our sincere apologies for any inconvenience you may have experienced and thank you for the opportunity to address your concerns.

Sincerely,

Ellen E. Uptgrow

**Re: Our Conversation last week**

Dear Sharron:

It is in respect to you that this writing is being offered. It is my intent to document (a record) all events pertaining to the Criminal Investigation at hand. If there is anything you disagree with in this writing please respond immediately as this is part of the ongoing investigation. A non response is affirmation of all stated herein, for the record

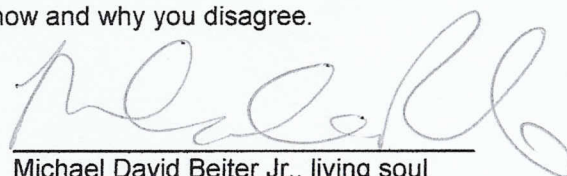

I respectfully demand the criminal file number for this investigation and as stated, I want this dealt with immediately. I was told that the "Criminal Investigation Confirmation Numbered 0R44160912" was the file number. Is there any other file numbers or any case numbers attributed to this issue?

Mail Fraud is the "allegation" as per your words and as stated, two of your people, Paul and Sharron, admitted that it was "common" that the clerk at the well known 299 address is in the habit of rerouting your mailings. You still have not answered the question.

What do you call it when a non United States Postal Service person often tells your employees to reroute contracted mail to a place other than where it was paid to be mailed?

What do you call it when your employee listens to a non United States Postal Service person and reroutes mail to a place other than where it was paid to be mailed?

I say its mail fraud. If you disagree, then send proof and fact of how and why you disagree.

Dear Ms. Vulgamore:

We are unable to respond to your Freedom of Information/Privacy Acts (FOIPA) request for records maintained by the Miami Field Office concerning another individual and are therefore returning the request to you for further action on your part.

I accept your confession that you opened mail that was not addressed to you and or the United States Post Office.  
Does the Internal Revenue Service know you open there mail? More importantly, what letter are you writing about? I sent  
may out on the date you are referring to.

You seem very knowledgeable on FOIA. Is this part of your employee manual?

Dear Ellen:

As per your writing referenced above I respectfully demand to know the outcome of the investigation by the Manager, Customer Services, Alridge Station.

As for my concerns, none have been addressed until I see the documents you have put forth demanding an investigation for the mail fraud that you admit has taken place in your writing. For your ease of comfort your admission is, quote, "we presume they were delivered to the U.S. Justice Department...or the mail room at the Federal Court Building." Unfortunately for your service, none of my mail was delivered to the properly addressed parties, et they were delivered. Mail Fraud has been perpetrated. Keep me informed of the investigation.

**Re: mail fraud and coercion**

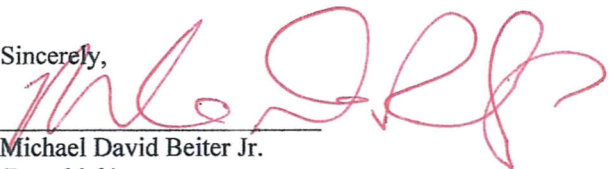

Dear Mr. Potter,

Much evidence exists that prompts one to feel a certain level of disgust in dealing with your corporation. Perhaps it is inside of your policy to deal with those that you employ (they get paid to do this stuff) whom choose to create policy other than that mandated by you specifically.

I have evidence of, at the very least, your policy being broken by those whom you employ, as well as those officials outside of your employment. Mail fraud has been perpetrated and the evidence highly suggests a cover up, mandated by those employed by you.

Please immediately send me any documents that must be filled out to start a criminal complaint or fraud report and I will gladly respond.

Sincerely,

Michael David Beiter Jr.

**Subject:**

**Recent activity of yours, activity disavowed of INTERNAL REVENUE SERVICE, disavowed of DEPARTMENT OF JUSTICE supported by three volumes of exculpatory evidence of proven un rebutted conspiracy against me. (See 201, 902 Federal Rules of Evidence).**

Dear Jeffrey:

It has come to our attention that the well documented malicious prosecution; spearheaded by one Bertha Mitrani d/b/a BERTHA MITRANI, ASS, U.S. ATTORNEY, is still being funded by taxpayer's Federal Reserve Notes. As you know, government corruption is a very sensitive issue in these days and your agent will be held accountable to the full extent of the laws passed down not of men. I am amazed at how many of your peers want to participate in a Plaintiff action against your office (more tax payer's Federal Reserve Notes wasted on malicious prosecution) and this is my last notice to your office about the issues.

In accommodating the fact that you and, then, your organization or office, would have little or no way to know of such without direct notice, it is the express purpose of this writing that you, your organization, and/or your office be notified of: 1) I am Michael David Beiter, Jr., and 2) I am law-abiding and can provide proof of cases numbering more than one hundred and twenty (120 cases) proving private contracts (i) exist, and (ii) are constitutionally protected and otherwise protected, and 3) I am an agent for both private and nonpublic entities and can and will appear face-to-face for confirming (a) the nonpublic entities exist, and (b) the private entities exist, and (c) I exist, and (d) this writing existed, and (e) you each accepted this writing of my authoring, and (f) that I will express not except within the bounds of what it is that I've been authorized for expressing, namely, specifically, the express words hereupon expressed that you've both received and accepted. I believe it's your Title 27 that mandates that "All Crimes are Commercial" so it seems contracts are important to you as well, right. I give you credit for having to mix all that Title and Code stuff in with your Oath of Office. It must be very difficult for you to juggle the opposing documents.

If a written request for further information is received, in whatever way involving each or any of you or all of you, further information (**3 volumes of exculpatory evidence of proven conspiracy**) is available but limited to proving each word hereupon expressed and zero further, until such time as one year (365 days) pass since the most recent direct notice that you've received of grand jury quorum activity, to which we will hold each and all of you accountable. This evidence was recently accepted and accounted for by a Congressman local to you. A list of recipients also includes the several previous supposed Grand Juries in Quorum as well as many agents listed below. I believe Bertha should have a least 3 copies by now.

Thank you in advance for your kind co-operation in this respect. All waivers are expressly disavowed perpetually. We have every desire to obey, comply, with every law applicable, however, we are in great fear that any participation, with you or your

Postscript: From our information, the same items absent, causing that multiple prior grand juries shut down prior prosecution attempts, continue absent; therefore, with such items such as true names, agent capacities continuing absent, FOIA requests unanswered, mail fraud, witness threatening, stacking the Grand Jury, Privacy Act requests unanswered at right to inspect and correct records (return receipts made known to prior grand juries in precious quorum), simple questions unanswered such as, "You can prove it's truly me that you seek by signing the enclosed Public Servant Questionnaire so Congress gets to know if you're within legislative authority before you get to know me," the very notion that another grand jury quorum relating may surface is biased and uninformed, and doubly biased by being uninformed, and if one continues contact, in contravention against the facts specified for the enclosed notice of introduction, one is unable for pretending that one never received (1) the enclosed notice of introduction, (2) the enclosed Public Servant Questionnaire of twenty-two (22) Congressionally mandated authorities, as all associates receive from time to time.

Postscript script: If you've obtained an attorney privately, it is advisable that said attorney should tell you to turn around and use Public Servant Questionnaires, yourself. **Subject: Your correspondence photocopied and attached for your reference and ease.**

Dear "Hotline":

Although it seems you are trying to contact me about my "concern" I am required to inform you that it is your concern when your employees admit to mail fraud involving your employees. I have attached photocopied proof of receipt, NOTICE, that mail fraud had taken place, a confession intact. The specific mailing numbers sent to John Potter, Postmaster and Consumer affairs are, 70062150000433901883 and 70062150000433901890.

Immediately send me the case file number that is "documented into" your "database". Also forward me the protocol your policy mandates in dealing with admitted mail fraud. If it helps, the same parties committed the same fraud twice before as well documented and previously concealed by agents of yours.

If I do not hear back from you as accustomed to, then you admit (tacit) consent, to conspiring for the cover up at hand.

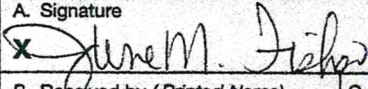

Sincerely,

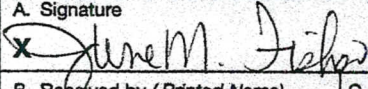

Michael David Beiter Jr.

Please refrain from altering my honest name

**Subject:**

**Recent activity of yours, activity disavowed of INTERNAL REVENUE SERVICE, disavowed of DEPARTMENT OF JUSTICE supported by three volumes of exculpatory evidence of proven un rebutted conspiracy against me. (See 201, 902 Federal Rules of Evidence).**

Dear Jeffrey:

Not only have you failed and refused to honor Congress (some call it law what they enact), now I am having to deal with the fourth and most recent act of mail fraud proven to be perpetrated by your office. Please see Exhibit A attached; truly the least offensive of all the fraud your office has committed. The employees of the United States Postal Office say that your office has them redirect and alter delivery of mail "all the time" and that its "common". Of course I have a record of all of this which you have been offered recently and yet you refuse to look at the evidence. Hmmmmm, I wonder why. I suggest you guys get your ducks in a row as everyone has a different story on record already and the Office of the Inspector General has made contact this week. Before you get any clever ideas, you may want to open a criminal investigation against one Bertha Mitrani and several cohorts (Michelle, Darci, Jed, Alexander etc.) and I certainly have enough evidence to put them in jail for a long time. It is not my desire to implicate you in this proven and un rebutted conspiracy, but rather to come to an amicable end so I can actually begin the process of forgiving all of the people involved. Govern Yourself Accordingly. Yahweh Bless America, a great Country with a great government indeed.

Very Truly, this living soul;

Noncommercial entity (Articles IX, X, bill of rights to the U.S. Constitution; Article I, Section 10, U.S. Constitution), Secured Party Creditor, Trustee

Postscript: From our information, the same items absent, causing that multiple prior grand juries shut down prior prosecution attempts, continue absent; therefore, with such items such as true names, agent capacities continuing absent, FOIA requests unanswered, mail fraud, witness threatening, stacking the Grand Jury, Privacy Act requests unanswered at right to inspect and correct records (return receipts made known to prior grand juries in precious quorum), simple questions unanswered such as, "You can prove it's truly me that you seek by signing the enclosed Public Servant Questionnaire so Congress gets to know if you're within legislative authority before you get to know me," the very notion that another grand jury quorum relating may surface is biased and uninformed, and doubly biased by being uninformed, and if one continues contact, in contravention against the facts specified for the enclosed notice of introduction, one is unable for pretending that one never received (1) the enclosed notice of introduction, (2) the Public Servant Questionnaire of twenty-two (22) Congressionally mandated authorities, as all associates receive from time to time.

Postscript script: If you've obtained an attorney privately, it is advisable that said attorney should tell you to turn around and use Public Servant Questionnaires, yourself.

Post post script: If I was you, I would add good ole boy Acosta to your investigation as he knew of all of this from the beginning. Need proof, I have plenty.

**Subject: Your willful concealing of mail fraud.**

Dear Concerned Parties:

I would like to take the time to thank T.A. Warner for admitting a "mistake" was made, a confession at 9:22 am this day. In the small bold script below is the entirety of my writing dated October 13, 2009.

Although it seems you are trying to contact me about my "concern" I am required to inform you that it is your concern when your employees admit to mail fraud involving your employees. I have attached photocopied proof of receipt, NOTICE, that mail fraud had taken place, a confession intact. The specific mailing numbers sent to John Potter, Postmaster and Consumer affairs are, 70062150000433901883 and 70062150000433901890.

Immediately send me the case file number that is "documented into" your "database". Also forward me the protocol your policy mandates in dealing with admitted mail fraud. If it helps, the same parties committed the same fraud twice before as well documented and previously concealed by agents of yours.

If I do not hear back from you as accustomed to, then you admit (tacit) consent to conspiring for the cover up at hand.

Sincerely,

Michael David Beiter Jr.  
Please refrain from altering my honest name

From the script above T.A. Warner disclosed in her writing dated October 28, 2009 that the intent was to do a FOIA for myself to "access to certain records that may be in the custody of the U.S. Postal Service....regarding you." I have attached said writing dated October 28, 2009. For those of you peering at this writing, I have never seen such incompetence; I believe, to conspire for a cover up. Does it seem like I am requesting information regarding me, or am I saying a cover up has taken place for confessed MAIL FRAUD, MAIL FRAUD, MAIL FRAUD. The one competent thing T.A. Warner did was to say that she would transfer it back to investigation for fraud. So much stalling and secrecy. Now let's try again kids. What is the investigation number for admitted mail fraud? #25 on the hotline phone says it's being processed. Yes, #25. No one will give names around there. Even the manager is just a number. Hmmm, I wonder why.

Notice in the bold print where under my signature I asked you NOT to dishonestly alter my name? Why did you do so again? Yahweh Bless America, a great Country with a great government (that's us; the people) indeed.

Michael David Beiter Jr.  
Please refrain from altering my honest name  
Don't forget the "Jr." this time

**Subject: Fear for the lives of my family**

Dear Concerned Parties:

Imagine coming home, those of you who are male and married, and having a fear filled weeping wife greet you. This is the result of the continuing malicious actions of one named Bertha Mitrani d/b/a BERTHA MITRANI, ASS U.S. ATTORNEY, along with many cohorts. After my making many attempts (of course I have proof) to have lunch for above the table discussion with Bertha and her cohorts, I ceased a long time ago, realizing that nothing above the table was in the mind of Bertha and her cohorts. My now, four volumes of evidence of the malicious attacks by Bertha and cohorts, well documented and well known from the Senate on down, has now caused the hostile environment brought on by Bertha and her cohorts.

Upon arriving home the other day, I was informed that conversations my wife had with friends, has left my wife with the impression that Bertha is now hunting our family at all costs. At no time have our whereabouts not been know, as we have been up front and diligent in our attempt to "come to an amicable" solution to Berthas vendettas. Bertha in her effort to hunt down my family is said to be seeking out; what automobiles we drive, license plate numbers, what house we live in, as well as where our kids go to school and where we go to church.

It is the belief of my wife that Bertha intends to invade our safety and security and bring emotional and bodily harm to our family and she, as she should, has asked me to promise to protect my family. If there is one command my Father in heaven demands of me, it is to protect the family He has given me and I intend to obey Him alone. Bertha and her cohorts have now after many years of ignoring the laws that governs them, created a hostile environment and put me in a defensive posture wherein I am of the belief they intend to harm and potentially kill my family with their aggressive behavior. Behavior that has not been stopped by any mentioned parties after many, many, many attempts to reveal the evidence that incriminates Bertha and her cohorts. You are all responsible for your lack of action and this is Notice to you.

Michael David Beiter Jr.
